

DW-980C

Product Description

- Copper-Foil Acrylic Adhesive Tape.
- Conductive Acrylic Adhesive
- Tape For EMI/RFI Shielding

Product Structure

	Copper - Foil
	Conductive Acrylic Adhesive
	Release Liner

Technical Data

Classification		Unit	Value	Test Method
Thickness	Backing	μm	40	KS T 1028
	Total		65	
Peel Strength		g/25mm	1200	
Electrical Resistance		Ω	0.1	Hioki 3540 1kg Pressure
Heat Resistance (Holding Power)		°C	Good	120°C 500g Heating oven

Dimensions

Roll Width (mm)	Roll Length (M)

Shelf Life

Product retains its performance and properties for 12 months from date of manufacture when stored in original cartons at room temperature & 50%RH
